

# YOUR OLD EYEGLASSES THAT YOU DON'T USE ANYMORE ARE VALUABLE

They are valuable to people overseas who can't see well, and who can't afford to even think about going to an optometrist. Those poor people would be glad to wear your old glasses, if the prescription is even close to the prescription they need!

We collect old eyeglasses and give them to optometrists who go on mission trips to fit people with glasses.

The usefulness of this kind of ministry was demonstrated to us a few years ago when our friend, Peggy Hood, went on a mission trip to the African country of Tanzania. One of the things her group did was to fit people with eyeglasses. That service helped to open the door of their hearts for the Gospel!

That means your old eyeglasses are valuable. Don't throw them away. Don't let them lie in a drawer in your home or office. Bring them to Luke 19:10 Ministries. They can be used to help fulfill the Great Commission!

We want your old prescription eyeglasses. We would also be glad to have prescription sunglasses, reading glasses, and regular sunglasses. Cases for eyeglasses are also appreciated. They are all needed for people overseas.

There are millions and millions of people in the world who live on \$100 to \$400 a year! When their eyes go bad, there is no way they can pay to be fitted with prescription eyeglasses. Let's help them.

Bring your eyeglasses to Luke 19:10 Ministries. Our Ministry Center is located on the west side of Greenville, just one half block off of White Horse Road on Martin Drive. Before you come, call Steve Rutledge on his cell phone, 864-640-1541. Tell Steve the approximate time you will arrive.
